

Tian (Sam) Xia
Product Designer
Seattle, Washington

Experience

2018–Now

Axon • Senior Product Designer
Seattle, Washington

I'm currently on the platform team responsible for building & maintaining Axon's design system and foundational features (e.g., sign-in and navigation).

Previously, I worked on Axon Records, a records management system for law enforcement agencies. We've deployed it at Fresno PD, California, and Baltimore PD, Maryland, among others.

2017–2018

DaVita • UX Designer
Denver, Colorado

Interaction and visual design for DaVita's in-house electronic health records system, Center Without Walls. I also contributed to defining its design system and created a UI component library in Sketch.

2014–2016

Universal Mind • UX Specialist
Denver, Colorado

Agency work ranging from consumer to enterprise, web to mobile. Clients I've worked with include: Herman Miller, Western Union, Principal Financial Group, and Complete Genomics.

Education

2012–2014

Indiana University Bloomington
M.S. Human-Computer Interaction

2008–2012

Beijing University of Posts and Telecommunications
B.E. Electrical and Electronics Engineering

About

I'm a product designer experienced in interaction design, information architecture, and design systems.

I view myself as a Gestaltingenieur ("design-engineer") who turns complex, ambiguous, tricky problems into clear, thoughtful, elegant solutions for the user.
